### **DETAILED ACTION**

Claims 1-18 are presented for examination.

#### ***Specification***

The abstract of the disclosure is objected to because it is not submitted in a separate sheet of paper. Correction is respectfully required. See MPEP § 608.01(b).

#### ***Allowable Subject Matter***

Claims 1-18 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: The prior art references, also the X-references from the International Search Report have been considered. However, the prior fails to disclose the claimed data storage method comprising the combination of a coherent light source, a steering mirror, a first plurality of mirrors, a second plurality of mirrors, and a plurality of point, etc. as recited in claim 1. Reference to Redfield (5,696,613) has been specifically considered for possible grounds of rejections. However, it is deemed that the Redfield reference missing the claimed optical mirrors arrangements recited in claims 1, 9, 13 and 17.

#### ***Conclusion***

This application is in condition for allowance except for the following formal matters: The objection to the abstract.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
